

National Emergency Management Organization

"Preserving Life and Property"

ADVISORY NO. 8

AREA OF LOW PRESSURE AFFECTING BELIZE MONDAY 19TH October 2015 7:00 A.M.

NEMO informs the general public that even though the weather is improving in some parts of the country, the main concern is the water that's heading down river which is likely to cause the Mopan and Belize Rivers to flood. Moist and unstable conditions will produce more showers but the country should experience improvement in the weather by Thursday. The forecast is for periods of scattered showers. Everybody is asked to remain vigilant.

SCHOOLS

There will be **no** class for schools in Corozal, Orange Walk and Belize rural along the Old northern highway

HEALTH

All are reminded illegal electrical wiring can be deadly and are strongly discouraged from engaging in such practices. Be very careful of crocodiles and snakes. Children and adults must not wade through flood waters in order to avoid an outbreak of disease. Water must be boiled for at least one minute and cooled before drinking if you are not using bottled water. Or use 8 drops of chlorax or bleach to one gallon of water, stir it well before drinking it. The ministry of Health will be doing larviciding and vector control activities when the water goes down.

TRAVEL

Only San Pedro Belize express resume operations from San Pedro. Buses are running as per schedule.
